

## Currently Enrolled Running Start Students

**NOTE: School staff are required to contact scholars using the student's school-provided email address. We will only be using your p12fwps address to communicate with you, effective immediately. If you check another account more frequently, you can forward your Decatur messages to that account**

- Your EVF form for the following quarter—signed by you, your parent(s) and high school counselor—is due to the college RS office a *minimum* of 1 week prior to your class registration date.
  - If you submit the form later it will delay your registration, and you may not get the classes you need to graduate or for your AA degree.
- Planning backwards, that means you need to submit your EVF to your counselor 2 to 3 weeks prior to class registration (There are 140 of you and only 3 of us!).
- We normally set aside and announce special EVF advising office hours for you during those weeks, but it is your responsibility to ensure it is taken care of with your counselor. Earlier is better!
- Here are the Highline College [Dates and Deadlines](#)
- Here are the Green River College [Academic Dates and Deadlines](#)
- Here is the new quarterly enrollment form. One version has digital signature and the other doesn't. If one doesn't work, try the other. [2020-2021 EVF form \(non-digital signature\)](#)      [2020-2021 EVF form](#)
- **During School Closure, currently enrolled students** should email their EVF forms to their counselor 2-3 weeks prior to class registration date.
  - Put "YOUR NAME, Fall 2020 EVF Form" in the subject line of the email message
  - Provide any explanations, questions or concerns in the email, and indicate if you want/need to have an advising appointment with your counselor. Advising appointments will be by phone or Zoom on an as-needed basis as requested by scholar, parent or counselor.
- Be sure to notify your counselor if you register for different classes than those on the EVF or if you withdraw from a class.
- Any high school student taking **summer classes** at community college must fill out a special form. Please see the college-specific tab of this web site for the correct form for your college. Summer classes are NOT part of Running Start and are paid for by the scholar.

**Check your p12fwps email !!!!**

**Do it TODAY !**
