

Dear TAF@Saghalie Families:

TAF@Saghalie’s annual school-wide STEM EXPO is quickly approaching! STEM Expo provides students with an opportunity to research and design a project that uses STEM to solve relevant and authentic community issues or needs. Students have begun testing their designs and collecting data. Students should be working on their projects outside of class, either at home or during the after school support on Tuesdays and Thursdays from 2 -4pm. Students can choose to purchase and use materials outside of school, but this is not a requirement to designing a successful project. Check with teachers to see what is available for students.

Students are excited to share their scientific findings with you all on February 29, 2020 at TAF@Saghalie. With Google as our official sponsor, we are excited to have you join us in this celebration of learning.

STEM Expo at TAF@Saghalie
February 29, 2020
6th & 7th Grade: 8:00 am - 12:00 pm
8th Grade & High School: 11:15 am - 4:00 pm
“Dress for success” attire for students
Breakfast or lunch will be provided for students and families

Next, we are holding a “Board Making Night” for students and families to make finishing touches on their projects. This is optional and will be held at **TAF@Saghalie on February 25 from 4:30 - 7pm**. Light refreshments will be provided to students and families.

Lastly, please RSVP below, so that we have an accurate head count for attendance and lunch. We look forward to seeing you there!
