Student Name: _____ Student #: _____

Driver's License # _____

Registered Owner: _____

Car make: _____ Car model: _____ Year: _____

Plate #: _____ Color: _____

Insurance Co. _____ Policy #: _____

READ OTHER SIDE OF THIS FORM AND SIGN
THIS MUST BE DONE AS PART OF APPLICATION PROCESS

Parking Guidelines

It is a privilege to park a motor vehicle at Todd Beamer High School and as such, certain expectations are to be followed by each student driver.

Student parking is located in designated areas of the south lot. Parking is by permit ONLY. A parking permit allows you to park on campus, but does not guarantee you a parking space. Parking permits are **purchased on a first come, first serve basis. Permit cost is \$20.00 and requires photocopies of a driver's license, primary vehicle registration, and a current (dated) proof of insurance, along with the completed parking application.**

Students are expected to drive safely (10 mph) and to park only in the stalls of designated student lots. Students are not permitted to park in staff lots or spots, visitor spots or reserved spots. Students are **not to "back" into stalls. Forward parking only** to show permit is properly placed. Reckless driving or endangerment, parking incorrectly, without permits displayed, or in unauthorized areas will result in **fines, school discipline, police citations, and/or towing/impounding at owner's expense.**

Location of permit

The permit will be placed on the vehicles rear view mirror with the front of permit in plain sight.

I have read the above guidelines.
