TRUMAN  CAMPUS

One campus. Multiple opportunities.

CAREER ACADEMY - OPEN DOORS - INTERNET ACADEMY

Dear OD Scholars, Families, and Friends,

We hope you had a safe, restful and relaxing winter break. We are excited to be back on campus with our scholars – we missed them so much!

While we are proud to offer flexible support options for scholars, **consistent attendance is key** to your scholar’s success and to complete graduation requirements. Talk with your scholar about their “roadmap” of competencies and also their graduation checklist requirements. All of these components will ensure that scholars graduate and enter their post-secondary experience ready to conquer their next challenge! We are thankful for your partnership to support and advocate for scholars.

In partnership,
Caitlin Boline
Principal

New Year's Aspirations!

There are many ways that scholars can address their Health and Wellness Competencies. Here are a few ways that the Truman Campus Counselors are promoting:

Mindfulness: Paying attention in a particular way; on purpose, in the present moment, and non judgmentally (stay tuned for and upcoming Mindfulness group at Truman Campus)

Quality sleep: Stick to a regular bed/wake time! No screen time in bed! Limit caffeine!

Nutrition: Eat breakfast! Avoid junk food! Cut back on sweetened beverages!

Exercise: Take advantage of the EX3 PE time! Spend more time outdoors! Move more!

Disconnect: Small goals toward monitoring/limiting use of social media. Find ways to intentionally disconnect from social media. Practice not using your phone when you first wake up.

November/December on Truman Campus!
