

**CAREER ACADEMY
AT TRUMAN**

Learn Through Interests!

CAREER ACADEMY @ TRUMAN

We are a small, innovative, Big Picture high school in FWPS for scholars interested in developing their passions & skills through project-based learning and internships in the community.

PROGRAM FEATURES

INTEREST-DRIVEN LEARNING

Each scholar develops a Personalized Learning Plan (PLP) with passions, interests, and competencies they will develop through projects and coursework. The PLP drives scholar learning.

INTERNSHIPS

Scholars intern on Tuesdays & Thursdays at a business or organization in a career field they wish to explore. Scholars may change internships every 6-8 weeks.

SMALL LEARNING COMMUNITY

Scholars have one primary Advisor (teacher) who gets to know scholars and their family really well. Advisors ensure scholars are academically prepared for graduation and post-secondary success.
