CEE Survey

The CEE Survey is open to staff, scholars and families through November 30. Your school survey data will be available in February to support School Leadership Teams with their School Improvement Plans.

SBA Interim Assessments

The SBA Interim Assessments are available all year. Scholars in grades 3-8 and 10 should have an opportunity to access these to help prepare them for the spring Summative Smarter Balanced Assessments. The results from the Interim Block Assessments may also help inform instructional decisions throughout the year. Principals and Assessment Coordinators will be receiving more information in the coming weeks to support the use of these assessments.
