

A NOTE FROM THE TEACHING FOR LEARNING DEPARTMENT

SECONDARY MATH UPDATES • NOVEMBER 2018

IN SUPPORT OF *GOAL 4 - MASTERY OF ALL SUBJECTS*

Looking Back

Math Department Head Meeting

Secondary Department Heads meeting took place on Nov. 6. Same and Difference Protocol, K-12 Math Adoption, End of Unit Assessments, and Check in on where everyone is in curriculum was discussed and shared.

K-12 Math Adoption Team

We had our kick off meeting where we reviewed district data and drafted a team rationale for adopting K-12 materials. The team calibrated around the tools used for evaluating curriculum which consisted of the Effective Mathematics Teaching Practices through our CEL 5D, standards alignment using the IMET (Evaluation Materials Evaluation Tool), and Bias and Cultural Relevance. Using these tools, the adoption Team worked for 2 days to evaluate curriculum.

Secondary Math PD

TFL provided PD on October 16 to support secondary math teachers with high leverage instructional strategies connected to the implementation of the curriculum guides. The focus includes, the effective teaching practices, CEL 5D and deep learning of mathematics.
