Co-Curricular stipends, with the exception of elementary music, will increase by state-funded inflationary index annually

Must have a corresponding class on the schedule (otherwise it is a club and goes through the SSC process).

If a staff member wants to do less than the minimum, stipends will be prorated.

Can be shared/stacked

If the choir, band, and orchestra teachers all coordinate a concert on the same night, they each get "credit" for one

\*Per the Letter of Agreement for the 2020-21 school year, "Co-curricular stipends tied to duties that are not able to take place this year will not be dispersed." Alternate plans for completing duties need to be worked out with the district lead for each area..
